

HEALTH HOMES PROGRAM

IMPROVING OUTCOMES FOR COMPLEX NEEDS

Striving for a new era of patient-centered care, Elevation Health Partners offers direct implementation of the Health Homes Program (HHP) for health centers. Clinics we have coached in various projects have demonstrated an 8-29% improvement from baseline for all four clinical quality measures and a cost savings of \$136,732 million in reduced ER/hospitalization for patients diagnosed with diabetes and depression.

CUSTOM APPROACH

Elevation Health Partners HHP services are tailored to the unique needs of the CB-CME, its population, and are thoroughly designed to meet HHP requirements as they continue to evolve.

OUR SERVICES

Please see our chart for a high-level overview summarizing and demonstrating how Elevation Health Partners HHP services are presented to map to current HHP requirements.
