ELEVATING HEALTH FOR ALL

## Rachel Proud, MPH

Quality Improvement Consultant, Los Angeles  
rachel@elevationhealthpartners.com | 530-391-3829

Rachel works alongside healthcare organizations to provide patient advocacy services, one-on-one access to health insurance coverage, and groundwork for the advancement of alternative-based payment models and value-based care.

As a quality improvement consultant at Elevation Health Partners, Rachel is a QI Coach on the CMS funded Los Angeles Practice Transformation Network (LAPTN) project. She identifies and provides supportive services related to clinical and operational level projects with federally qualified health centers (FQHCs) throughout Los Angeles.

Rachel delivers process improvement support, focusing on increasing HEDIS measure performance while applying EHR capabilities to small and solo practices in Los Angeles. She is an expert in HEDIS and HEDIS Technical Specifications, proper coding of Clinical Quality Measures, and has led coding for quality trainings for providers and office staff.
